

MICHELLE GUOBADIA

BE A DREAM MAKER:

YOUR ROLE IN MAKING FRATERNITY AND SORORITY LIFE GREAT

MICHELLE GUOBADIA gives a wake-up call to those fraternity & sorority members who are senselessly participating in destructive behavior—like hazing, abusive drinking, assault and poor academics. Michelle confronts the “dream killers” of organizations: those whose actions destroy the values and original aspirations of founding members. In her keynote, you will be encouraged to make better choices and will leave believing that you have the power, either to bring your community up or to tear it down.
